SWIVELING BEAUTY

—

Joel

Perfection consists not in doing extraordinary things, but in doing ordinary things extraordinarily well.

—Angelique Arnauld

THE CLUB'S NEW TURN

The classic club chair was almost perfect, lacking only functional dignity for professional settings. With Joel, perfection has arrived.

Introducing, Joel. A swiveling beauty created for workplace collaboration. Designed by EOOS for Walter Knoll, Joel lifts the club into the office as a fresh alternative to traditional executive guest seating.

Cool yet warm. Sleek yet strikingly comfortable. Joel has been cleanly crafted with double-needle stitching and a firmly anchored trivalent chrome swivel base. Proportionately ideal, the chair's novel

two-piece construction accentuates its genteel form. Its compact scale invites group settings.

Joel's most compelling asset is its function. Swiveling effortlessly as its occupants confer, Joel automatically returns to center when they depart. Designed settings retain their symmetry. Sophistication is unruffled. A new classic has arrived. Joel. Join the club.

DETAILS

Joel is available in fabric or leather with the swivel-return base. For more information about this product, please visit us at coalesse.com.
